### Concept

A combination of modern design with an authentic Chinese ambiance, Susanna Foo Gourmet Kitchen has the sophistication and excitement of restaurants in today's cosmopolitan Shanghai or Beijing. At the same time we strive to be a fun and family friendly spot.

### Cuisine

Susanna's cooking is based on the authentic regional Chinese cooking she grew up with and is influenced by the flavors of other cultures she has since discovered. We offer a wide selection of dumplings, sushi, small dishes and sophisticated entrees with a focus on fresh and healthy dishes. Farm fresh produce is personally selected by Susanna from the market. Water purified with the Seagull V water purification system by General Ecology is used to prepare all the food and beverages.
